Project Idea:-

Get Help | Decentralized EdTech Platform

**We aim to revolutionize the EdTech
by merging it into the Web3 Network.**

IDEA DETAILS:-

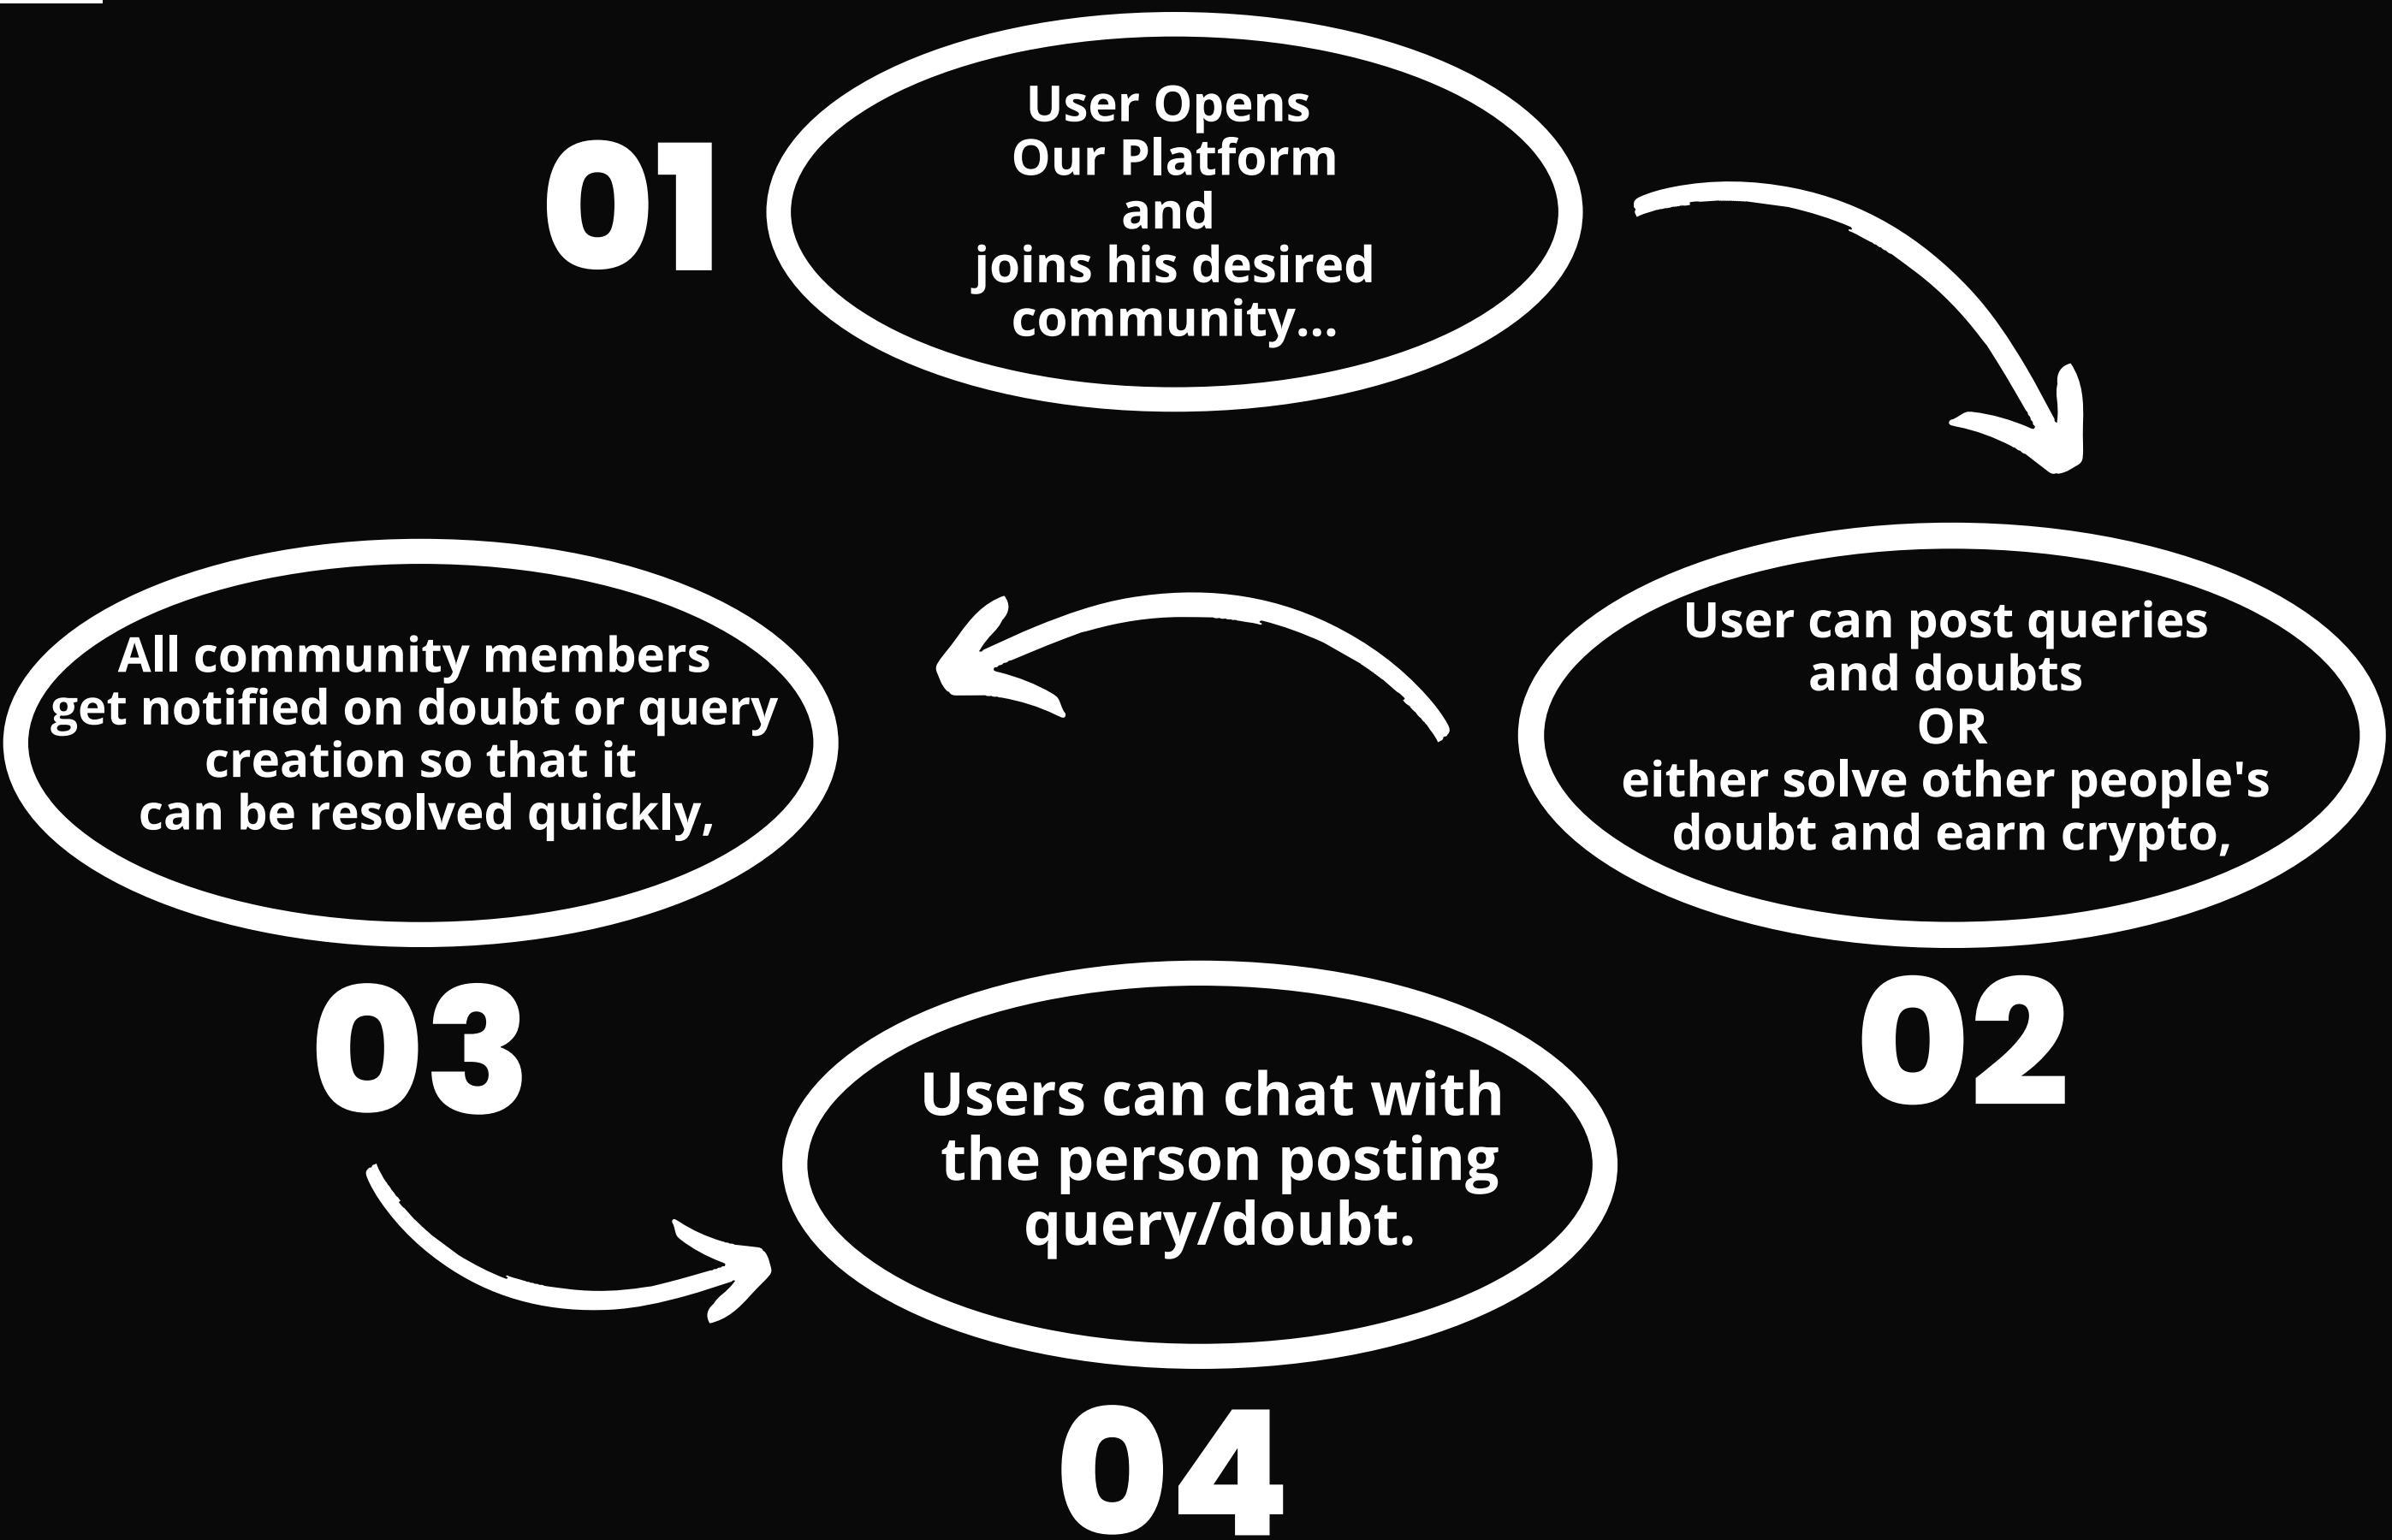

Our platform **reduces the huge cost** paid by students over EdTech platforms while preparing for **competitive exams** whereas they can get **guidance** and **doubt solutions** from our

Community Platform "Get Help"
for paying as low as they want,
that too in SOL cryptocurrency.

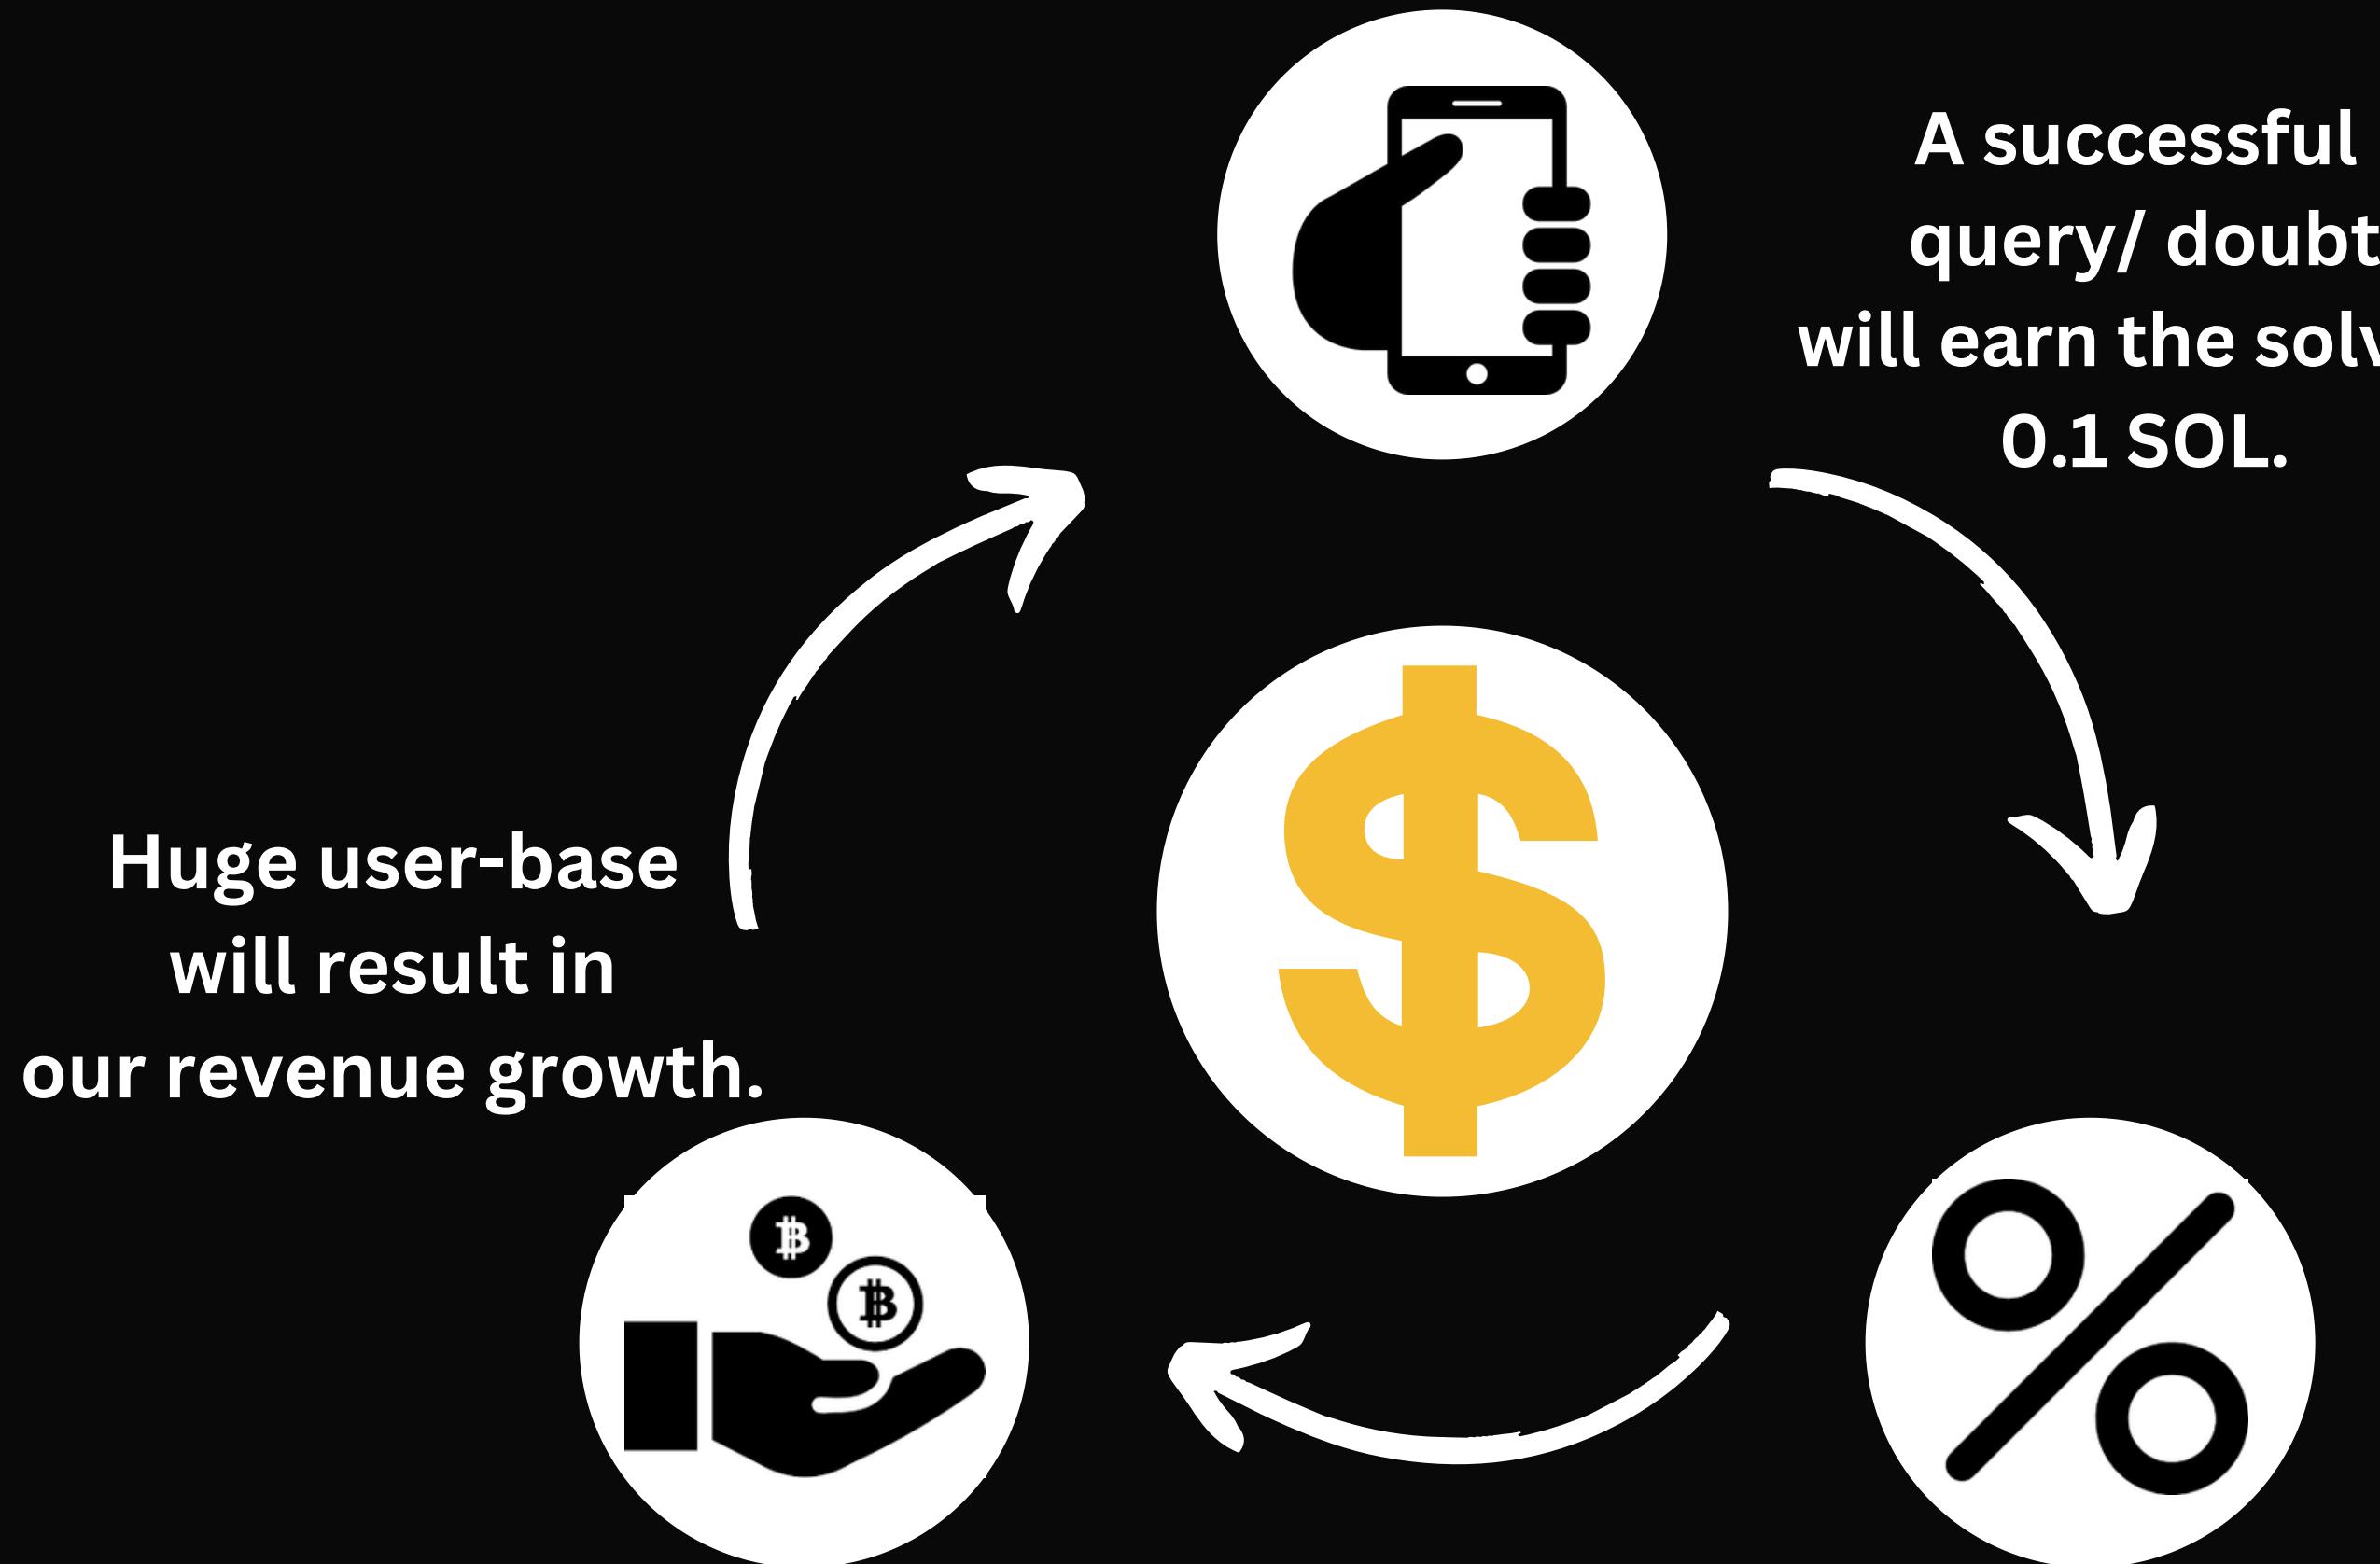

USE CASES:-

- 01** Fast doubt solving access.
- 02** Students can use our platform for part-time earning.
- 03** Community based learning.
